

MOUNTAIN LIVING WITH WARMTH AND STYLE

From the Old-Country ambiance of the family room to the Continental elegance of the master suite, this home will pamper you, warm you and nourish your soul with beauty. With all its unique features, you must see this property to appreciate all it has to offer.

Call Evelyn today to arrange a private showing!

Secluded, surrounded by nature, with fresh mountain breezes and dappled sunlight creating the perfect setting, this home fulfills your dreams for mountain top living in the Blue Ridge.

Beautifully located on 20 acres, the adjacent 30-acre parcel of land is also available (MLS 323202). Enjoy breathtaking long range winter views, and summertime shade trees. Autumn and spring bring the brilliant palettes of nature's varied hues.

And the home itself is a dance of soaring ceilings and cozy living spaces, accented by unexpected luxury.

Come inside...Take a Look!

EUROPEAN
ELEGANCE
ON THE MOUNTAIN TOP

You will love all 4240 sq. ft. of living space in this home! From the elegant portico, enter the spacious foyer through massive arched double doors. The main level master suite features an opulent bath with limestone floor, garden tub, bidet, and unique walk in closet/dressing area with clothes dryer. The main level also has a gourmet kitchen with Euro appliances, formal dining room, family room with fireplace, and a large study. Upstairs are two bedroom suites, balcony and an observatory. Great room with fireplace and bedroom suite on lower level. Ceilings throughout are 12', 10' and 9' with custom moldings. Attached 3-bay garage, and central fire and burglar alarm system. There is also a 1200 sq. ft. log barn with many potential uses.

MLS 354973 \$1,900,000
