

# PANTHER RIDGE

This remarkable home with even more remarkable long range views was architect designed and built by architect Hub Powell with attention to quality and detail. It features main level living with daylight basement with additional living area and two bedrooms with private baths.

This home is tucked into the mountain side, with year-round views of Mt. Toxaway and surrounding ridges. It is a perfect home for year-round family living, or as a seasonal getaway.

**CUSTOM LUXURY  
HOME  
WITH MOUNTAIN  
VIEWS**

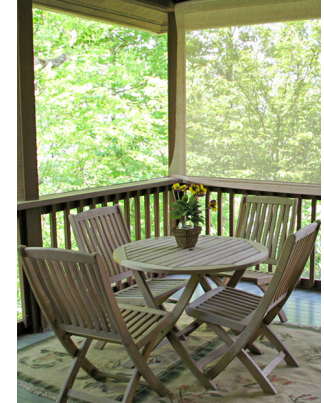

The main level has a large open greatroom with three spacious zones, perfect for entertaining or for comfortable family living. With soaring cathedral ceilings, the greatroom features a stone fireplace, large open kitchen with solid counters and island. The luxury master suite is also on the main level, as are the screened porch, open decks, all with views.

The lower level has family room, two bedrooms with attached baths, storage, and extra room for workshop. The thoughtful design includes zoned heat/air, 2 water-heaters, generator wired in, and double attached garage. You will love the beautiful landscaping, too!

Offered at \$625,000
